ENVIRONMENTAL POLICY

United Civil Construction Ltd recognises the importance of environmental protection and sustainability and we are committed to undertaking business in a manner that supports these principles.

Our aim is to achieve industry best practice in our operations by:

- Complying with all applicable laws, regulations and statutory requirements relating to environmental issues.
- Applying waste minimisation principles and taking all practicable steps to prevent or otherwise minimise company operations from generating pollution or other adverse environmental impacts.
- Educating and training our people with a view to continually improving their awareness and knowledge of environmental issues and best practice.
- Identifying, investigating, satisfactorily resolving and learning from all non-conformances as part of a drive for continuous improvement.
- Monitoring, evaluating and holding accountable employees, subcontractors and suppliers on their environmental performance, and implementing effective communication with them on environmental issues.
- Managing environmental and related issues in accordance with any client requirements, policies and procedures.
- Annually reviewing environmental objectives, targets and this policy as part of a drive for continuous improvement.

This policy shall be communicated to all employees or those working for or on behalf of the organisation.

A handwritten signature in blue ink, appearing to read 'Andrew Campbell', is written over a faint horizontal line.
